Disability Benefits

Disability Income Benefits

Foxdale Village Retirement Community provides full-time employees who work at least 30 hours per week with short- and long-term disability income benefits. Without disability coverage, you and your family may struggle to get by if you miss work due to an injury or illness.

At Foxdale Village Retirement Community, we want to do everything we can to protect you and your family. That's why Foxdale Village Retirement Community pays for the full cost of short- and long-term disability insurance - meaning that you owe nothing out of pocket.

If you become disabled from a non-work-related injury or sickness, disability income benefits will provide a partial replacement of lost income. Please note, though, that you are not eligible to receive short-term disability benefits if you are receiving workers' compensation benefits.

	Short-term Disability
